Overview

The Mera Peak Climbing and Trek is one of our favourite trips and we'd be delighted to help you explore this impressive region in Nepal.

Mera Peak is Nepal's highest trekking permitted pillar. The peak stands to the south of Everest and to the north-east of the airstrip at Lukla. Standing prominently between the wildernesses valleys of Hinku and Hongu.

The Peak first summit by Sen Tenzin and Jimmy Roberts on 20 May 1953. There are several routes none of them are gentle, require crossing quite high and difficult passes. The summit offers us marvellous Panoramic view of Kangtega to the west, Ama Dablam, Mt. Everest, South face of Lhotse, Nuptse, Lhotse ridge, Cho-Oyu, Makalu, Baruntse, Kanchenjunga and Chamlang. Well, the journey paid off with incredible scenery and overview points in Nepal. We begin the trip from Khare and end at Khare.

With Incredible Himalayan Sherpa Adventure, you'll not only be able to enjoy this incredible panoramic view of Himalayas but you'll also have the chance to observe the traditions and rituals, great hospitality of the local Sherpa people. We put great emphasis on authentic experiences and our professional local guides will introduce you to their culture.

All our treks can be booked as private trips-no large, impersonal groups but small, individual experiences. Let Incredible Himalayan Sherpa Adventure take you on your very own adventure ascend to Mera Peak summit.
